## 14 Immigration to Japan

There are certain formalities that must be observed by international students intending to pursue studies in Japan. Before entering Japan, students are required to apply at their nearest Japanese diplomatic mission (embassy or consulate) for a "College Student" visa. A College Student visa will only be issued after the diplomatic mission is in possession of the applicant's "Certificate of Eligibility." However, Japanese government scholarship (MEXT) students undertaking Kanazawa University Japanese Language and Culture Program need to obtain a visa by other means. The Student Affairs Division of Kanazawa University shall submit applications for the Certificate of Eligibility to the immigration office at Kanazawa on behalf of exchange students. The Certificate of Eligibility will then be sent to the students. When applying for the visa, students must take the Certificate of Eligibility and their passport to the diplomatic mission. Students should also be sure to bring the Certificate of Eligibility with them and show it to immigration authorities at the airport when they enter Japan.
